

# 2014 FARM EMPLOYMENT DIRECTORY

A guide to finding  
a farm job in  
Massachusetts

The **New Entry Sustainable Farming Project (New Entry)** was founded in 1998 as a broad partnership between Tufts University, Community Teamwork, Inc., and various partner organizations to help beginning farmers in Massachusetts develop commercial farming opportunities to sustain the next generation of farmers and preserve farmland in the Commonwealth. New Entry offers a comprehensive farm business planning course and field-based workshops, farmland access, and technical assistance to people interested in building commercial farming enterprises.

New Entry Sustainable Farming Project  
155 Merrimack St, 3rd Floor  
Lowell, MA 01852

# WELCOME TO THE FARM EMPLOYMENT DIRECTORY

---

This Directory was put together by the New Entry Sustainable Farming Project (New Entry). You can use the Directory to find a job on a local farm. Getting a farm job is a great way to learn more about farming and to earn money.

## **The Directory gives you information about:**

- The name and location of the farms
- How to contact the farms
- The size of the farms
- What the farms grow and sell
- The types of work available

## **Look for updates:**

See page 7 for instructions to check out the up-to-date [online](#) Farm Employment Map!

**Thank you and good luck in your job search!**

# HOW TO USE THIS DIRECTORY

---

1. Use the map on page 6 to find which counties are close to your home.
2. You can find farms in your county by looking at the black tabs on the edge of the pages.
3. Look at the farm profile and ask yourself:
  - ◆ Is the farm **close** enough to my home?
  - ◆ Do they offer jobs **when** I need to work?
  - ◆ Am I interested in the **type of work** available?
  - ◆ Do I have the **experience** and **skills** they ask for?
4. Call the farm. Check the “**Best time to seek a job**” on the farm profile because that is the time they want to hire workers!
5. The final section on page 55 provides even more resources to help you find farm employment or to start your own farm.
6. Let us know how your job search went! Email us at **nesfp@tufts.edu**. We would like to hear about your job searching experience.

# TIPS FOR CALLING FARMS

---

- Call the farm and tell them that you saw their listing in this Directory and you are interested in learning more about their open job positions.
- **Ask for details about the job such as:**
  - ◆ What are the work hours?
  - ◆ How much is the pay?
  - ◆ When does the job start?
- **Tell the farmer about yourself:**
  - ◆ Talk about your past farm work experience.
  - ◆ Explain why you want to work on their farm.
- If the farmer invites you to come visit the farm, be on time! Be professional and prepared. This is a great chance for the farmer to learn more about you and for you to learn more about the farm.

# MASSACHUSETTS COUNTIES

William Francis Galvin, Secretary of the Commonwealth • Citizen Information Service  
 (617) 727-7030 • 1-800-552-6090 (in Massachusetts only) • TTY: (617) 878-5889 • [www.state.ma.us/sec/cis](http://www.state.ma.us/sec/cis)

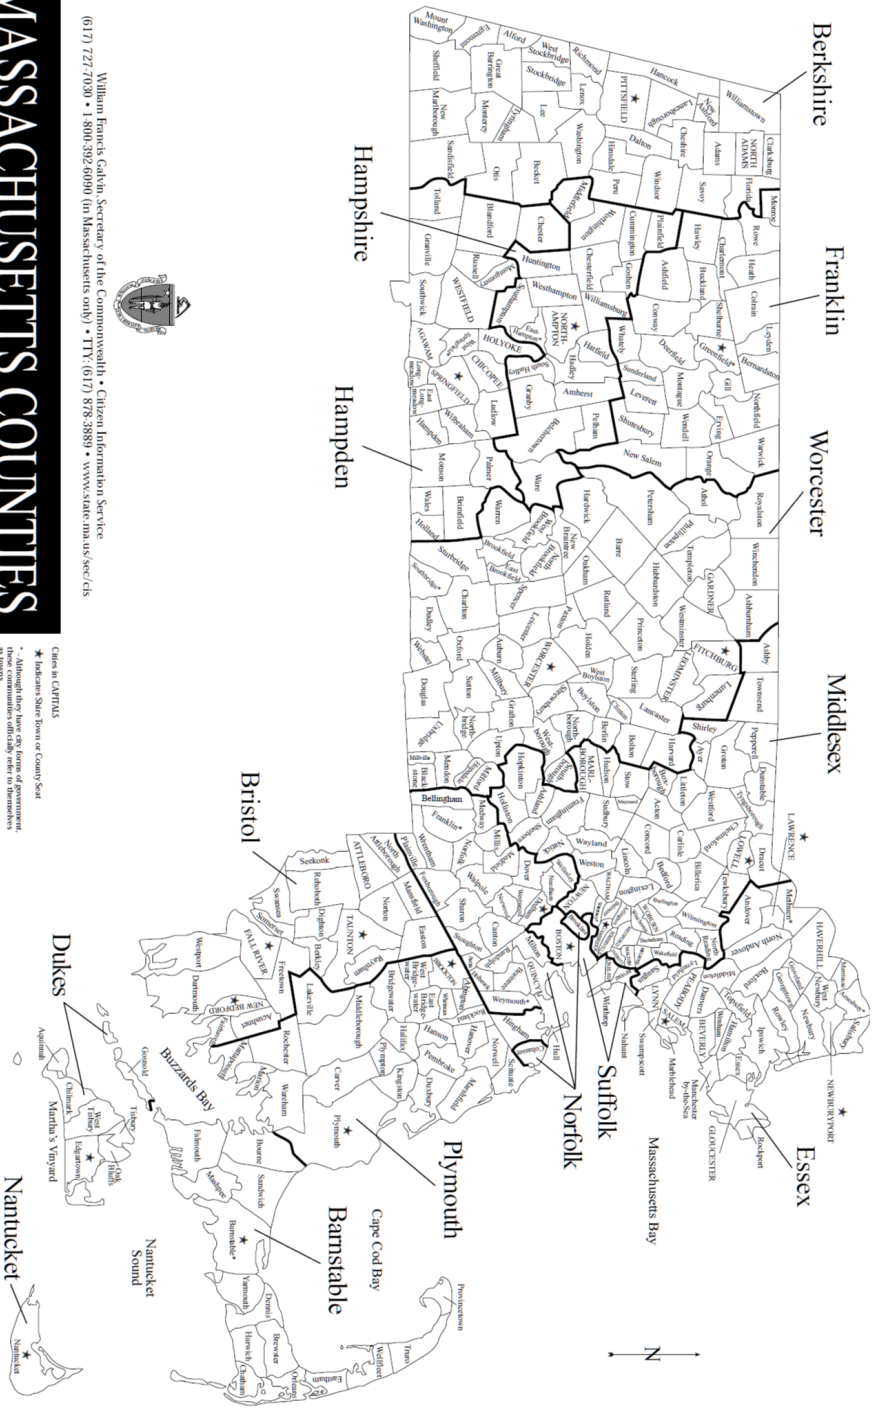

Circle in CAPITALS

★ Indicates State Thru-Route County Seat

★ Although they have city forms of government, the following are included in the county of their incorporation as towns. (The county boundaries shown are as of 1/1/2000.)
